Full Text

The Permanent Forum, the expert mechanism on the rights of indigenous peoples and the Special Rapporteur on the situation of human rights and fundamental freedoms of indigenous people should evaluate whether existing and proposed climate change policies and projects comply with the standards set by the United Nations Declaration on the Rights of Indigenous Peoples. These bodies, together with the members of the Inter-Agency Support Group on Indigenous Issues, should collaborate with States and indigenous peoples to effectively ensure that the implementation of the Declaration is central to the design and implementation of climate change policies and programmes.
