The Forum recommends that FAO and the Sustainable Agricultural and Rural Development Initiative work further on the development of cultural indicators for identifying priorities and criteria and methodologies for the right to food and food security, with the participation of indigenous peoples, taking into account the protection and restoration of indigenous peoples' traditional food systems and their agrobiodiversity and associated traditional knowledge and livelihoods. The threats to sustaining such systems, such as monoculture cash crop production, mineral extraction, environmental contamination and genetically modified seeds and technology, should be addressed.
