Paragraph #64 Session #17 (2018)

Full Text

The Permanent Forum welcomes the participation, at its seventeenth session, of the Working Group on the use of mercenaries as a means of violating human rights and impeding the exercise of the right of peoples to self-determination and invites the Working Group to conduct a study on private militaries and security companies in extractive industries and agribusiness and their impact on the human and collective rights of indigenous peoples.

Area of Work

Extractive Industries, Human Rights
