Addressee: World Health Organisation (WHO)

Paragraph #91 Session #3 (2004)

Full Text

The Forum recommends that the Special Rapporteur on the right to health examine the disparity of health standards for indigenous peoples in developed countries in the light of the fact that United Nations agencies and specialized entities, including WHO, do not undertake health programmes in developed countries.

Comments

Matter to be addressed by the Special Rapporteur on the right to health

Area of Work

Health
