Full Text

The Permanent Forum encourages FAO to continue supporting indigenous peoples' organizations in the field of communication for development. In particular, the Permanent Forum recommends that FAO continue to provide support for indigenous peoples' communication platforms and their activities in the field of participatory territorial development and community-based adaptation to climate change. The Permanent Forum recommends that other United Nations agencies and donors join FAO in that important task and strengthen the reporting and monitoring mechanisms about indigenous peoples' right to communication as a condition towards free and informed prior consent and self-determined development.
