**Paragraph #42 Session #11 (2012)**

### **Full Text**

The Permanent Forum recommends that the Arctic Council adopt, at its ministerial meeting in 2015, a comprehensive long-term strategy for resource extraction in the Arctic region in order to end present uncontrolled, unmanaged and unsustainable industrial practices, including an ethical code of conduct committing private entities operating in the Arctic to not engage in practices harmful to the environment and to respect human rights, particularly those of Arctic indigenous peoples.
