Paragraph #72 Session #10 (2011)

Full Text

The Permanent Forum recommends that UNICEF continue to gather data on the issue of children and migration and information on the effects of migration on children, recognizing in particular the situation of indigenous children, the risks of serious exploitation, such as trafficking in human beings for various purposes, and the restoration of rights to victims and vulnerable children, such as street children, through all country-level programmes.

Area of Work

Indigenous Children and Youth
