Paragraph #022 (Session 9 Appendix) **Session #8** (2009)

Full Text

The Permanent Forum acknowledges the Fund's country strategic opportunities programmes as an important instrument for actively focusing on indigenous issues at the national level. The Permanent Forum recommends that IFAD construct mechanisms to secure the complementary use of the national operative planning instruments and the new institutional policy on engaging with indigenous peoples. The alignment of those instruments with the future institutional policy on indigenous issues is important for the mainstreaming of indigenous peoples' issues within IFAD.
