Paragraph #143 Session #5 (2006)

Full Text

The practice of preparing overview reports, the Message Stick (the quarterly newsletter) and the database on the implementation of recommendations should be maintained. The secretariat should review oral interventions delivered during sessions of the Permanent Forum and take note of references made to the implementation of recommendations, which should be added to information provided in written submissions.

Comments

The newsletters were issued and the database was prepared. The review of speeches is ongoing.
