Paragraph #80 Session #12 (2013)

Full Text

The Permanent Forum recalls General Assembly resolution 66/296 and recommends that the President of the sixty-eighth session of the Assembly organize an informal interactive hearing, back-to-back with, but separate from, the thirteenth session of the Forum. This will ensure that those representatives of indigenous peoples who are attending the Forum are also able to participate in the informal interactive hearing without the need to return to New York at a later date and incur further travel and other related expenditures.
