Paragraph #35 Session #20 (2021)

Full Text

Since the adoption of the 2030 Agenda for Sustainable Development by Member States in 2015, the Permanent Forum has repeatedly highlighted the importance of ensuring the meaningful and full participation of indigenous peoples in the implementation of the 2030 Agenda. Unfortunately, the world is not on track to meet globally agreed targets. This has been particularly evident during the period of the COVID-19 pandemic, in which existing inequities have been exacerbated, placing the survival of indigenous peoples at greater risk. During the pandemic, indigenous peoples, in particular indigenous women and girls, have not only been left behind, but have been left even further behind.
