**Paragraph #19 Session #21 (2022)**

## **Full Text**

The Permanent Forum is concerned by issues related to land tenure, the collective rights of indigenous peoples, customary rights, land-grabbing and the closure of transhumance corridors. The Permanent Forum therefore recommends that States of the Sahel and the Congo basin establish a legal framework to consolidate their national and local land tenure regimes with a view to resolving conflicts peacefully. In addition, those States should enhance access to justice for the affected indigenous pastoralists and provide training for judicial officials on those issues.
