Paragraph #34 Session #22 (2023)

Full Text

The Permanent Forum urges Member States and United Nations entities, in particular the World Health Organization (WHO), to recognize that Indigenous views of human and planetary health must be central to the 2030 Agenda for Sustainable Development and emphasizes the central need to stabilize and regenerate the biosphere as essential for protecting humanity. The right to a clean, healthy and sustainable environment, the right to health and development and the rights of Indigenous Peoples must be seen as interconnected and essential to an integrated planetary health governance framework.
