Paragraph #82 Session #23 (2024)

Full Text

The Permanent Forum urges the Governments of Canada and Denmark and the government of Greenland to follow up on and implement the recommendations of the Special Rapporteur subsequent to his country visits in 2023. The Forum recommends that a human rights-based approach be taken when investigating and addressing the practices and impacts of the so-called intrauterine device campaign affecting Inuit women and adolescents in Greenland.

Area of Work

Implementation, Human Rights, Indigenous Women and Girls
