Addressee: Member States; International organizations

Paragraph #137 Session #23 (2024)

Full Text

The Permanent Forum reiterates its calls to Member States and international organizations to include Indigenous Peoples actively in policymaking forums and development agendas. This inclusion should extend to negotiations and management forums under multilateral environment agreements and other relevant platforms and processes focusing on issues affecting Indigenous Peoples and where their voices and knowledge guarantee significant contributions and outcomes for global sustainable development and the health of global ecosystems.

Area of Work

Participation, Economic and Social Development, Climate Change
